Gas, Electric Rates in Antioch Increased Through I.C.C. Order

Public Service Co. Granted First Increase Request in 66 Years

Antioch patrons of the Public Service Co. of Northern Illinois will pay increased gas and electric rates averaging 6 1/2 per cent as the result of an order of the Illinois Commerce Commission Saturday authorizing the rate change effective Feb. 1.

No general increase in electric rates have been asked by the PSC for 66 years so there was no surprise that its full request was granted.

Residential electric users will have a new rate of 5 1/4 cents for the first 25 kilowatt hours, compared with the present rate of 5 cents.

For the next 75 kilowatt hours, the charge will be 3 1/4 cents, compared to the present rate of 3 cents. There will be no change in the present 2-cent rate for more than 100 kilowatt hours. For large residential users there will be a minimum average charge of 2.5 cents a kilowatt hour.

To residential customers now using 150 kilowatt hours, now paying \$4.50, this will mean an increase of 46 cents. For residential gas customers in other Northern Illinois areas those using gas for cooking will get an average 2 1/2 per cent increase, with about a 10 per cent increase for those also using gas to heat their homes.

The increase will net the company about \$9,350,000 yearly after taxes, according to the ICC.

Meanwhile Chicago's special assistant to Corporation Counsel John J. Mortimer, Joseph F. Grossman, said that Chicago will seek a rehearing by the ICC on an automatic adjustment provision of the ruling, where the gas increase is concerned.

Women Canvass Area for Polio Fund Gifts; Goal Will Be \$2,500

Antioch women are on the march for the March of Dimes.

House to house canvassing is in progress as they seek donations to the polio fund, the goal for which in this community is \$2,500.

"Our donations could quite easily be used up in a comparatively short time by one serious case calling for prolonged treatment," said Anthony Scully, local campaign director.

One object of this year's campaign is to raise enough money to bring to a successful conclusion the progress already made in medical science to immunize the public against further encroachings of the disease.

Smallpox, once a dreaded flourishing disease, is almost a thing of the past through vaccination. Immunization continues, however.

Chairman Scully said that no report on the result of collections would be made before Feb. 1.

"There are some areas yet that haven't been canvassed," he said. Scully said that canvassing of the merchants would take place between Jan. 26 and 30.

All Senate Candidates Invited to Young Republican Bd. Meeting

All Republican candidates for nomination for United States Senator have been invited to attend the next meeting of the Board of Governors of the Young Republican Organization of Illinois. This meeting will be held in Chicago, at the LaSalle Hotel, on Sunday, Jan. 24, at 12 noon. All local club presidents have also been invited to attend.

Although the constitution of the State Young Republican Organization precludes endorsements in primary elections, all candidates for the Senate who attend will be introduced and invited to speak.

Also on the agenda will be the formulation of plans for participation in the forthcoming primary and the selection of the time and place for this year's state convention of the organization.

Dog Trials in Chicago

The fourteenth annual A. K. C. licensed obedience trials sponsored by the North Shore Dog Training Club, Inc. of Winnetka, Ill., will be held Sunday, Jan. 31 at the Rainbow arena, 4836 N. Clark st., Chicago, from 9 a. m. to 6 p. m. Two hundred dogs representing virtually every breed will come from all parts of the Middle West for the trials.

Will Teach English

MISS FRANCES CORRADO
Miss Frances Corrado
To Succeed Charlene
Druce at High School

Miss Frances Corrado has been selected by the Antioch Township High School Board of Education to fill the English Department vacancy created by the resignation of Mrs. Charlene Druce. Mrs. Druce will complete her teaching at the end of the semester Jan. 22. The board granted Mrs. Druce a release from her contract so that she can be with her husband, Raymond Druce, who is serving in the Armed Forces.

Mrs. Druce is a graduate of Illinois Normal university and has taught in the Antioch school system since September 1952.

Miss Corrado will graduate from Beloit College in time to take over her duties January 25. She has completed her student teaching requirement at Beloit High school, and has taken undergraduate courses at Wright Junior College in Chicago, University of Wisconsin and Middleburg College of Middleburg, Vt., in addition to the work done at Beloit College.

While in college Miss Corrado also participated in such activities as cheerleader, student government, college newspaper, recreation board, Future Teachers of America, Phi Sigma Iota and Phi Beta Phi.

Fiedoral Speaks Tonight At American Legion Hall

An outstanding speaker will be shared with the public by the Antioch American Legion when Joseph F. Fiedoral, an officer in the crime prevention bureau in Chicago appears at the Legion Home at 8 p. m. today (Thursday).

Youth and adults alike are especially invited to this meeting. Harry Mizock, Legion commander, announced.

A Dale Carnegie graduate, Fiedoral has a background of long experience in the Maxwell Street Police Station area of 3.5 square miles and a population of 70,000 persons representing 25 nationalities.

Part of Hainesville In Grayslake District; Grant Building Delayed

Robert Wilton, Antioch member of the Lake County Board of School Trustees, was called to Waukegan for a special meeting Monday evening at which the board granted a modified petition of Hainesville to withdraw from Round Lake High school and grade school districts for annexation to Grayslake districts. This will enable Round Lake to proceed with its building plans.

The new petition that replaced the one denied a week ago, eliminated the Hainesville grade school where Round Lake district pupils are quartered. Approximately the eastern half of Hainesville will be included in the Grayslake area.

In the meantime the Grant Community High school building plans are held up by a suit in circuit court charging improper procedure in the October \$895,000 bond referendum. The county court held that it had no jurisdiction because of the vagueness of the law, and the circuit court may do likewise, thus sending the case to the supreme court for decision. In the meantime the school suffers for lack of room for the students.

Kruzan Antioch Visitors

Mr. and Mrs. M. R. Kruzan of Avon, Ill., formerly of Antioch, were guests Friday night of Mr. and Mrs. Eugene Sheehan on their way home from Milwaukee where they attended a convention of the turkey industry. Mr. Kruzan resigned as coach of the Antioch High school two years ago to enter the turkey raising business as a full time occupation after having conducted it as a sideline here for several years.

P. T. A. Clubs Sponsor Potential Teachers at County Dinner Feb. 3

Scholarships to Be Subject of Speaker at County Council Meeting

Each Parent-Teacher association in Lake county will sponsor one potential teacher from its high school for the Founder's Day dinner to be served through arrangements of the Lake County Council of P. T. A.'s at 8:30 p. m. Wednesday, Feb. 3 in the Antioch Township High School.

Grass Lake will sponsor Nancy Quinn and Howard Ballwanz; Antioch will sponsor Nick Ryan, Rosemary Larsen, Donna Martin, Wendy Midgley and Gail Pedersen.

Entertainment will be furnished by the Antioch High School students under the direction of Louis Chenette, music department executive.

Nancy Swenson will sing a solo; a girls' sextet will comprise Joanne Haak, Gratches Biel, Lynn Gray, Sharon Weber, Barbara Heiligenthal, and Shirley Ross; a saxophone quartet will comprise Nancy Rentner, Betty January, Marilyn Stearns and Eileen Cribb; and Benjamin Cribb will play a trumpet solo.

Mrs. Vincent McDade, scholarship chairman of the Illinois Council of Parent-Teacher Clubs, will speak on the subject "Through P. T. A. Scholarships—More Teachers."

Mrs. Irving Enevold, study course chairman, will present certificates to those completing the parliamentary procedure course.

Mrs. Robert N. Lee, president of the Lake County council, placed Jan. 30 as the deadline for making reservations for the dinner with either Mrs. Francis Burke, Indian Point, or Mrs. Bernard Thompson, Linden Lane, Antioch.

Youth Center Fund Gets Substantial Boost in Donations Totalling \$136

Antioch Township High School students striving to raise \$2,000 to establish their youth center, The Wigwam, were given a decided boost through a \$100 donation by H. W. Frizzell of Crawford rd. The donation came at a time when the young people hindered by bad weather and approaching examinations saw their campaign slowing a little.

Residents in the Deep Lake, Millburn area contributed \$36 to the fund.

"We are more and more anxious to reach our goal and establish our center," said Jerry Healy, one of the student officials.

The Wigwam is seen as a place where teenagers can congregate under proper surroundings with something to do while there.

Boy Scouts to Entertain Fathers, Lions, Moose On Tuesday, February 9

It will be Men's Night Tuesday, Feb. 9, at the Boy Scout House where Troop No. 92 will be host to all men of the Moose and Lions and fathers of members of the troop.

The meeting starting at 7 o'clock will include movies as entertainment and refreshments of home made pie, hot chocolate, and coffee will be served.

The troop will attend a swimming party at the Y. M. C. A. in Waukegan next Tuesday.

Mrs. Mary Corr Dies At Cranley Home

Mrs. Mary Corr, a native of Chicago died Saturday, Jan. 16, at the home of her daughter, Mrs. Edward Cranley, in Antioch following a lingering illness. Mrs. Corr had made her home with the Cranleys for the past six years.

She is survived by three sons, Stephen, Francis and John, all of Chicago; a sister, Mrs. Catherine Kelly, Chicago, four brothers, Stephen, Richard, Evan and William Kelly, all of Chicago and 15 grandchildren.

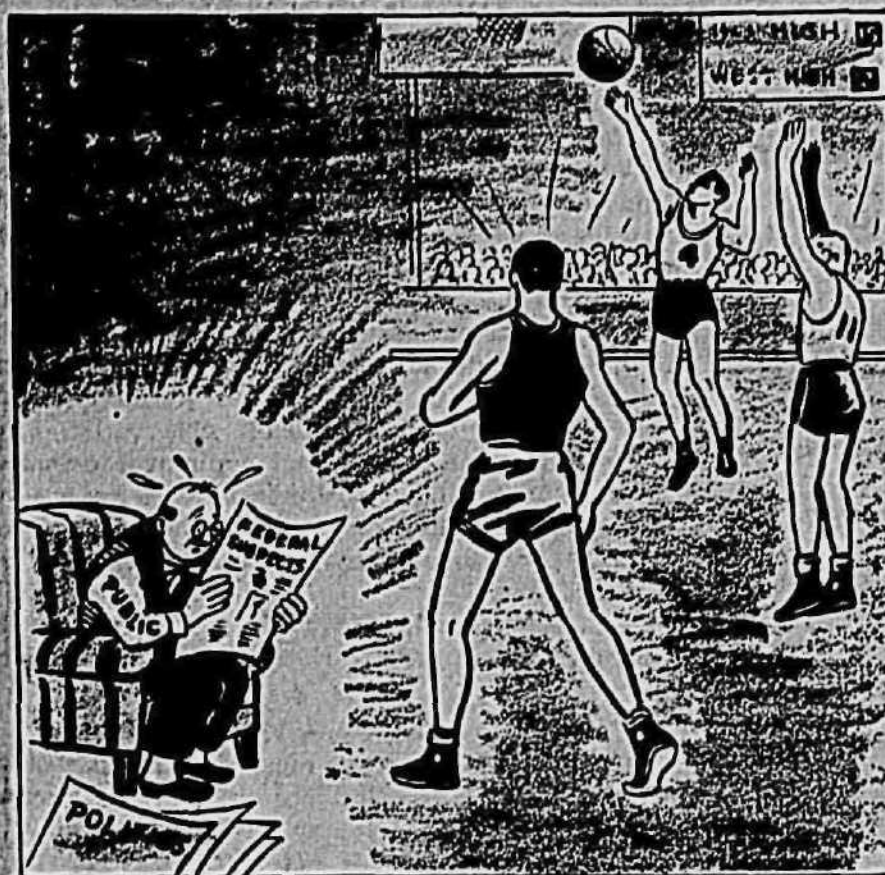

Funeral services were held at 10:30 a. m. Wednesday in St. Agnes church, Chicago. Interment was in All Saints cemetery, DesPlaines.

Pinball Licenses Are \$60

Pin-ball operators in Antioch pay a license of \$60 instead of \$15 as reported by the Antioch News last week.

Clerk Clarence Shultis said he had juke boxes in mind when he told the reporter that the pinball licenses were \$15, which is the amount of the license for the music makers, and not the ball caroming, light flickering devices.

A WELCOME CHANGE

Antioch Rebekahs Will Attend Tri-County Odd Fellows Association

Odd Fellows and Rebekahs of McHenry, Lake, and Boone counties have revived what was known as the Tri-County Odd Fellow association. This organization has for its purpose entertainment and Odd Fellow and Rebekah publicity. Rebekahs from Antioch are looking forward to attending the first meeting of the association, which will be held at Crystal Lake at 8 p. m. Saturday, Jan. 23.

Lodges belonging to the association are: Crystal Lake, Subordinate and Rebekah Lodges, Woodstock Subordinate and Rebekah Lodges, Harvard Subordinate and Rebekah Lodges, Poplar Grove Subordinate and Rebekah Lodges, Waukegan Subordinate and Rebekah Lodges, Elmhurst Subordinate and Rebekah Lodges, and Antioch and Hebron Rebekah Lodges.

Other lodges invited are Barrington, Carpentersville and Elgin lodges, and their auxiliaries, and Odd Fellows and Rebekahs in general. The meeting at Crystal Lake is dedicated to the Canton branch of the order and their auxiliaries. These are uniformed bodies and will be there in force.

The speaker of the evening will be Deputy Grand Master Phil Marco. Other Grand officers and Rebekah Assembly officers are expected to attend. The Cantons will also have a speaker and will stage a drill.

A full program has been arranged. Don Knutson's orchestra will furnish music for dancing. Arlepe Adams who broadcasts regularly on the Elgin station WDMN, will entertain. Cards may be enjoyed, and refreshments will be served. The meeting is open to Odd Fellows and their wives, Rebekahs and friends.

Scout Skating Party at Grass Lake Success

Despite zero weather, 100 Grass Lake Cubs, Brownies, Girl and Boy Scouts, accompanied by some of their parents turned out last Sunday afternoon for the annual ice skating party sponsored by the Grass Lake Scout group.

After the skating, supper consisting of barbecued beef sandwiches, hot chocolate, and cup cakes was served by the committee.

550 Silver Dollars in Circulation in Antioch To Prove That Money Earned Here Stays Here

If you receive a silver dollar in payment or change keep it moving in Antioch—don't bank it if you can avoid doing so, and don't hoard it.

This was the request of John Dupre, proprietor of the Lake County Sheet Metal Works, who placed 550 silver dollars in circulation through his employees last Friday in effort to prove that people who work in this community spend their money here.

A waitress who received one of the 1921 silver dollars admitted she had never seen one before. More than one customer was puzzled when the dollar was given out with other change, and one merchant admitted he was a little embarrassed to issue the heavy coins, but he thought it his duty to help prove that most of the money earned in Antioch stays here.

A. B. McConnell Is Popular Candidate For Representative

Good Record in Legislature Appreciated by Voters

State Representative A. B. McConnell, Republican of Woodstock, announces that he will be a candidate for re-nomination in the April 13th primaries. Mr. McConnell who is serving his first term in the Illinois General Assembly believes he has made a good record in serving the people of Boone, Lake and McHenry counties at Springfield. He voted on issues as he believed were for the best interests of the district and the State as a whole.

In the Legislature Mr. McConnell served on five regular committees: Industry and Public Relations; Insurance; Personnel and Pensions; Waterways, Conservation, Fish and Game; and Public Utilities, Railways and Aviation. During the session last spring he also served on the Brucellosis commission which studied the Bangs testing of cattle and brought in a series of bills which were enacted into law which it is believed will clean up brucellosis in cattle, sheep and swine and thus eliminate undulant fever in human beings without crippling the dairy and livestock farmer.

Beside careful consideration of some 1600 bills in the last session (continued on page 5)

Lions Club Banquet Monday Night to be Outstanding Event

The social highlight of the season for the Lions Club of Antioch is scheduled for Monday evening when the members entertain their ladies and guests at dinner at the Glen Flora Country Club in Waukegan.

Dinner will be served at 7 p. m. and will be followed by entertainment by professional entertainers, Anthony Scully, committee chairman, announced. This will be followed by dancing to the music of King Jaro's 12-piece orchestra. Atty. Ted Larson will preside, but during the ceremony honoring the charter members, Homer LaPlant, past president, will serve as master of ceremonies.

It is estimated that nearly 250 persons will be present.

Grant-Antioch Game at Ingleside Friday To Test Top Teams

Warren Here Sat. Night; Sequoits Lose to Palatine

All eyes in the Northwest conference will be on the Grant-Antioch basketball game at Ingleside tomorrow evening.

Although Grant is the league leader both the Bulldogs and the Sequoits have been beaten by Wauconda and have displayed similar strength against Palatine, but Grant was more fortunate in the closing moments of the play with the Pirates.

Antioch is still the best defensive team in Lake county on the basis of being scored against with the amazing low average of 30.9 points. The local boys are all juniors, however, and are not as steady under fire as they will be when they become seniors.

This was shown last Friday night when the Sequoits blew a 37-29 third quarter lead and lost to Palatine in an overtime game here, 60 to 51.

The Sequoits were ahead at the half 29 to 19; were outscored slightly in the third quarter and badly in the fourth quarter. Two free throws by Warren Brownlee in the final seconds tied the ball game at 50-50, but in the overtime the Pirates scored 10 points to the Sequoits 1.

Allen Eck was the Palatine player who spelled defeat for Antioch. While the Sequoits were cooling, he got hot on his basket shooting and scored six of his 25 tallies for the evening during the overtime session.

The loss dropped Antioch to third place standing in the conference.

Woodstock 46, Antioch 44
Friday night's game with Palatine was almost duplicated by Antioch in the non-conference game Saturday night at Woodstock where the Sequoits dropped another overtime verdict 46 to 44. Antioch gained an 18 to 8 lead in the first quarter but lost the succeeding quarters 10-9, 12-6, and 13-10. In the overtime a field goal by Bob Selchow, and a free throw by Chuck Davis outpointed the free throw of Mike Haviland for the Blue Streak's victory. Ben Floyd held scoring honors for Antioch.

Coach Dick Scott's Sequoits, loaded heavily this year with North Suburban Conference opponents, will again step outside their own conference Saturday night in playing the Warren Blue Devils here.

Warren has a record of three victories and seven losses in contrast to Antioch's 12 victories and four losses. The Blue Devils are in a circuit of larger schools, however, and may provide the Sequoits stiff opposition.

In last week's conference games Grant beat Elia-Vernon in the opening game at the Bears' new gymnasium 51-49 to continue conference leadership and Wauconda moved into second place by defeating Bensenville 58 to 40.

14 Degrees Below Zero In Antioch on Sunday; Coldest Since 1950-51

Antioch's mild winter was given a sudden jolt Saturday night when the mercury started falling and by morning landed at 14 degrees below zero.

It was the coldest since February 2, 1951 when 19 below was registered, according to Roy Kufalk, local cooperative observer.

Last winter was comparatively warm, the temperature only dropping to 9 degrees below zero on one occasion.

The winter of 1950 and 1951 was the cold one, according to Kufalk's records. On December 27, two days after Christmas the mercury dropped to 15 below, and the coldest for the winter was 23 degrees below on January 30.

This winter has been comparatively mild with but little snow. After registering sub-zero temperatures the mercury was back up to 37 degrees Tuesday afternoon.

There was an eclipse of the moon Monday night but no one in Antioch saw it because of the clouds. Cloudiness prevailed around the Middle West, and only those persons in airplanes who flew above the clouds got to see the eclipse.

After climbing to a high of 37 degrees Tuesday, another cold wave from Canada descended on Illinois yesterday afternoon bringing light snow and slippery roads. A heavy fog Tuesday night made travel difficult.

Labor Under Socialism

Working people who still believe that government ownership or control of basic industry is in their interest would do well to read a recent Reader's Digest article by Joseph A. Fisher, president of the Utility Workers Union (CIO) of America.

Mr. Fisher said: "We know from experience that our members employed by Government-sponsored co-ops of the Rural Electrification Administration, as well as those employed by municipalities which run their own light and power business, work under conditions inferior to those enjoyed by our members employed in private industry. . . . Consumer rates, wages and conditions of employment are fixed by political management while the worker is denied the right to use either economic or legal appeal against the Government."

The concluding sentence to Mr. Fisher's article is also memorable. He said: "Our union calls for curtailment of Government encroachment on private enterprise and a return of the electric-power business to regulated, taxpaying privately owned companies."

Economic Highlights

During the last few weeks there has been the usual new-year flood of reports and forecasts. The reports deal factually with business' experience during 1953 and look ahead to what is expected in 1954.

Measured by production and sales, 1953 was a boom year in anybody's book. Practically every business sold its output and came up with a reasonable profit. Practically everyone who wanted to work had a job, and at good wages. There were, of course, some soft spots during the latter months—notably in such fields as appliances and automobiles, where production has been running at extremely high levels. Even so, there was nothing resembling a real slump. Certain farm prices also dropped—but agriculture's income is very high as compared with almost any previous period.

What's going to happen in 1954? In the crystal ball business there can be no unanimity of opinion. But the consensus is that the economic machine will continue to roll along in high gear—even though it may not race its motor to quite the extent as in the recent past. This belief is based in large part on the fact that the public at large is earning more money, and has larger savings, than ever before. To take one example, there is a record \$24,000,000,000 now on deposit in mutual savings banks alone.

Even so, hard-headed businessmen in large numbers believe that financial success in the coming year will depend on aggressive selling to a greater extent than we have known since World War II. Just after the war, of course, there was a huge backlog of hungry

demand for almost every conceivable kind of manufactured article, and even inferior goods found ready buyers, for lack of anything better. This situation gradually corrected itself as the factories hit new production record after new production record. Now, as the Wall Street Journal recently pointed out, "The public must be sold harder because it's already bought so many of its needs." An outstanding example of this is the automobile—65 per cent of American families own a car now, as against 54 per cent in 1948.

The Journal polled 75 representative American corporations on the question of souped-up selling. Sixty-six expected competition to be tougher this year than last. A leader in the appliance field said, "It's going to be the manufacturer with a strong sales organization, and who can keep his production costs in line, who survives." A spokesman for a major motor manufacturer said that there will be a hot competitive battle for the consumer's favor and money "such as this country has not seen in over 15 years." An executive of a big company making electrical products observed, "The 1954 edition of a salesman will have to stop thinking about his product and concentrate instead on the customer's needs." From a leading paint and building material concern came this view: "Competition is certainly back with us in no uncertain terms." And a very significant observation came from a spokesman for a farm equipment company, who said, "A lot of younger men in sales have never experienced a highly competitive situation such as now. It'll take some time and hard work to get the best out of them."

All of this should add up to good news for the consumer. The buyer's market is here in full flower.

The Low Down From Hickory Grove

This fretful land has too many dames and gents in too many Govt. jobs. Not jobs exactly—just payroll occupants. It's costly. It's an insult. To assume that a free American citizen is not sufficiently astute or has too little on the ball to build for his own future welfare and a pleasant retirement, is bosh. We been talked into handin' the job to Govt.—State Govt., Town Govt., U. S. Govt., Big School Govt.

We been exposed too long to the theory and tomfoolery that our thinking is a bit curdled. Too many of us are not yet quite sure that we been sold some brass jewelry. With over 2,000,000 still on the Federal payroll and thousands more on State and County and Town and School pay rolls, the outpouring of theory and uplift is still heard in the land—plentiful.

It has been sorta hard to believe that a Govt. would sponsor any sort of venture that would put tarnish on our Constitution versus burnish same. Socialism in Europe put people on the Mayflower—and now socialism is catching up with them again. A grim picture.

We been made dizzy by high place palaver. We been believing too much of the apple sauce—have become a bit addled and foolish. Not quite as foolish, maybe as the cow in the burning barn full of popcorn, which cow figured she was seeing snow—and laid down and kicked the bucket. We been a trifle less simple—but not much.

Yours with the low down,

JO SERRA

LAKE VILLA

The Rev. Plummer's sermon topic last Sunday was "Stewardship of Time," and for the next two Sundays his sermons will be based on "Stewardship." All are welcome.

The finance committee held a meeting at the church on Monday evening.

Open house at the school last Sunday afternoon attracted many from near and far and the gym was filled with interested people who enjoyed the fine program and the inspection of the building. Among those present were C. C. Frye of Berwyn, R. H. Lundahl of Barrington, L. A. Dixon of Gurnee, all former principals of the school. The band under the direction of Mr. Rush gave several numbers, the flag was presented by Lake Villa Township Post No. 1219 and the Boy Scout troops 84 and 89 led in the Pledge of Allegiance. The Rev. Paxton McArthur gave the invocation and the Rev. and Mrs. Plummer sang a duet. Supt. H. W. Brown introduced W. C. Petty, county superintendent of schools and the Rev. Plummer pronounced the benediction. The people of Lake Villa may be justly proud of their school building which compares very favorably with many city schools. The Board of Education consists of B. J. Hooper, president; Clark R. Wetterberg, secre-

tary; Stephen L. Ball, John J. Brandt, Ernst K. Nielsen, Harry Pavel and Herman Wolff. The P. T. A. served refreshments after the program.

Arthur Atwell has been a surgical patient at the Condell hospital in Libertyville and came home this week.

Word was received here on Sunday of the very sudden death of Ernest Shephardson, who formerly lived here, but has lived at Maywood for several years. Funeral services were held at Maywood on Tuesday.

Mrs. Clayton Hamilton has taken leave of absence from her teaching duties at Fox Lake and has gone to Arizona for a few weeks.

Cedar Lake Camp Royal Neighbors held open installation of officers at the village hall on Tuesday evening last week, Jan. 12, and officers from the Antioch camp did the installing. Laura Thayer was installing officer, Ann Heath was ceremonial marshal, Gladys Locke, assistant marshal; Nellie Hanke, chancellor, and Alice Lassen, inner sentinel. The following ladies will hold office in the Cedar Lake camp for 1954: Oracle, Matilda Bartlett; past oracle, Georgia Avery; vice oracle, Jerri Polson; chancellor, Ethel Wood; recorder, Helen Fish; receiver, Cora Hamlin; marshal, Mabelle Selter; ass't. marshal, Cecille Blumenschein; manager for three years, Bertha Fish; inner sen-

tinel, Mary Davis; outer sentinel, Anna Fink; flagbearer, Lela Barnstable; and musician, Harriet Davis. The five graces are Faith, Velma Langosch; Modesty, Bertha Fish; Unselfishness, Bunny Nelson; Courage, Marjorie Helm, and Endurance, Mary Hriblan. Marie Hamlin is captain of the degree staff. The officers were presented with flowers and members of the Lake Villa school band furnished music. Following the program, cake and coffee were served in the downstairs dining room. The next meeting of the camp will be at the hall on Tuesday afternoon, Jan. 26 at 12:30 for pot luck dinner followed by the meeting. The secret pals of the past year will also be made known at this time. The meetings of February and March will be afternoon meetings on Feb. 9 and 23 and on March 9 and 23.

Mr. and Mrs. William Walker left last week to spend the next few weeks in Florida and they visited Mrs. Walker's sister and family at Oak Forest on the first day out. Their son, Ronald, of the U. S. Army who has been training at Ft. Leonard Wood in Missouri, and has been home on a two weeks leave, left Friday for further training in Arkansas.

Mrs. Georgia Avery, Mrs. Marie Hamlin, Mrs. Lottie Boehm, Mrs. Mayme Kapple and Mrs. Cora Hamlin were luncheon guests of Mrs. Lulu Nelson last Thursday after-

noon at the home of her daughter, Mrs. Lena Ekdahl at Monaville. Clayton Hamlin was a hospital patient in Waukegan for a few days last week.

Shoes That Fit
When the child outgrows a pair of shoes, he should no longer wear them. "Hand-me-down" shoes must not be used unless they really fit.

WHAT DO YOU WANT TO KNOW ABOUT BANKING?

... would you please explain what an asset is, and give me an example?

AN asset is anything owned which has value - the opposite of a liability or debt. One of the most valuable assets an individual can have is a growing bank account.

Prepare for emergencies - opportunities, too: open an account here and build up your balance by depositing on a regular schedule.

SOCIETY EVENTS

Antioch Unit of Home Bureau to Hold Meeting at Petty Home

The Antioch unit of Home Bureau will hold its regular meeting Wednesday afternoon, Jan. 27, at 1:30 o'clock at the home of Mrs. William Petty.

The major lesson on "Rights of Women under Illinois law," will be given by Mrs. Helen Volk, home adviser.

The co-hostesses will be Mrs. J. Heick and Mrs. L. V. Sittler.

Auxiliary News

Antioch Unit 743, American Legion Auxiliary will meet Friday, Jan. 22 at 8 p. m. in the Legion Home.

As the 84th Congress of the United States assembles in January, the American Legion and the American Legion Auxiliary stress legislation, National Security and Civil Defense as the three important subjects at the January meetings.

Legislative measures pending, which are sponsored by the American Legion or those in which the Auxiliary is interested and it is the responsibility of the Auxiliary members to further this program by writing to their congressmen in Washington, D. C., to urge the passage of all Legion-sponsored bills, which are of benefit to the nation and to the veterans, especially the hospitalized veterans and their families as well as the widows and orphans of deceased veterans.

Civil Defense and National Security have equal significance in the Auxiliary schedule during the month of January.

The Civil Defense chairman of the unit will stress the need for a wider and more alert civil defense program for our communities, and will urge the Auxiliary members to abide by the slogan "Serve to Save" by practicing and promoting the Civil Defense measures as planned by the Legion's and Auxiliary's State Civil Defense chairman as well as to cooperate with the local community civil defense schedule.

National Security will also share in this program, which revolves around Economic, Diplomatic, Political and Spiritual defenses, promoting a stronger national security for our nation.

Silent Auction
At the next meeting, Jan. 22, a "Silent Auction" is planned as entertainment to follow the business session. Members will please remember to bring some inexpensive articles for the auction.

Tenth Dist. Illinois Fed. Of Women's Clubs to Meet Friday, Jan. 29

The Tenth District of the Illinois Federation of Women's Clubs will hold their annual mid-winter meeting on Friday, January 29, 10:00 a. m. at the Ravenswood Masonic Temple, 4605 N. Paulina St., Chicago.

Mrs. Sterling A. Oakley, 6831 N. Kilpatrick Ave., Lincolnwood, district president, will open the morning session by introducing the presidents of the hostess clubs. They are: Mrs. George D. Wilson, 7643 Tripp Ave., Skokie, president of the Civic Woman's Club of Skokie; Mrs. William H. McCarthy, 7341 N. Oakley Ave., Chicago, president of the Edgewater Catholic Woman's Club; Mrs. James M. Flower, 4875 N. Paulina St., Chicago, president of the Ravenswood Civic League; Mrs. John Senko, 5741 N. Fairfield Ave., president of the Ravenswood Woman's Club, and Mrs. Wm. H. Freund, 4925 Christiana Ave., president of the Welles Park Woman's Club.

The morning program will be given by the civil defense committee of the I. F. W. C. Mrs. George F. Geschwindt, state federation chairman, will present Lt. Lawler of the Air Corps Filter Service, and Lt. Colonel Russell Bonasso of the 49th Anti-Aircraft Gun Battalion, both of whom will discuss the duties of their branch of military service.

Luncheon intermission will be called at 12:30 p. m., with the hostess clubs in charge of arrangements.

The meeting will reconvene at 1:30 p. m., at which time Mrs. Oakley will present the guests of honor, Mrs. E. J. Heick, vice-president director of the Northern Region, I. F. W. C., and presidents of other districts of the Illinois Federation. The afternoon program will include vocal selections by the chorus of the Civic Woman's Club of Skokie, and a book review by Margaret Kirkwood, stage and television actress. Miss Kirkwood will present a comedy, "Ring Around the Moon."

Parents of Son

Mr. and Mrs. Donald Rich of Hopeville, Ill., are the parents of a son, "Stephen Donald," born at Hopeville January 8. Mrs. Rich is the former Miss Jean Page, daughter of Mr. and Mrs. Al Page, former residents of Antioch.

Antioch Students Hold ROTC Posts at Campion

Two Antioch students at Campion Jesuit High School in Prairie du Chien will serve as officers for the second semester in the Reserve Officers Training Corps. They are William G. Maleck, who has been appointed captain in command of Company D, and Lieutenant John C. Topercer, Jr., of the same company.

Campion High school will mark its 35th anniversary of the establishment and first drill of the ROTC unit Jan. 28. Military training was begun just before the end of World War I in the fall of 1918. The formal celebration of the anniversary will be held during the competitive drill in May, according to Capt. Louis J. DeVito, commander.

Mr. and Mrs. John Sheridan of Gurnee were Sunday dinner guests at the home of Mr. and Mrs. Norman Rockow. Mr. and Mrs. Mike Czapar were Sunday evening guests.

Mr. and Mrs. Jerry Carney and daughter of State Line road and Mr. and Mrs. Donald Elfering were Thursday evening guests at the home of Mr. and Mrs. Norman Rockow.

Mr. and Mrs. Chris Mortensen left Antioch Saturday for a six weeks vacation in Mexico, California and Carson City, Nevada.

Mr. and Mrs. Donald Gibbs and two daughters are vacationing in Florida.

Mrs. Mollie Somerville entertained at her home over the week end Mr. and Mrs. Walter Hess and daughter, Elizabeth, of Ayr, Ohio, B. Bernbaum, Cleveland, Ohio, and Hans Holman of Chicago.

DEEP LAKE

It was reported at the monthly meeting of the Deep Lake Women's Auxiliary that the ladies are faithfully fulfilling their quota of dressings for free distribution to cancer patients in west Lake county. Thirteen of our members met on the 7th of January and produced 20 dozen dressings. The work is under the direction of the Waukegan Chapter of the American Cancer Society.

Some of our Deep Lake residents had a little send-off party for Mr. and Mrs. Valdemar Peterson who left the 16th for Roseland, Fla., where they will visit Henning Johnson, who is spending the winter in his home there. Mr. and Mrs. Ben Feldman and Mr. and Mrs. Ray Dwyer took the lucky couple to Hank's for dinner. It is learned that they further disported themselves on their return to the Dwyer home, by making a recording of their voices for Henning's entertainment.

Mrs. Harry Swanson is leaving on January 23rd for Miami, Fla., to return to her son Fred, his automobile which broke down somewhere in Indiana when he was on his return trip to his Air Force base at Miami. He was due on the 9th of January, so had to continue his trip by air. Mrs. Swanson will also visit her parents, Mr. and Mrs. Joseph Heckel, who are vacationing in Miami.

Mrs. Hannah Koller of First Ave. will leave for California in a few weeks, where she will visit her son.

Mr. and Mrs. Arthur Sletten and Mrs. Ruth Sall are making a trip to Minneapolis next Friday, Jan. 22, to attend the eightieth birthday celebration of Mr. Sletten's mother.

Mrs. Paul Schultz entertained a group of ladies on Tuesday evening, Jan. 12, in her First Ave. home. They played canasta.

Mrs. Edna Stevens, who has closed her cottage on Second Ave. for the winter and is living in her Chicago apartment, paid us a surprise visit by attending the January Auxiliary meeting last Friday evening, Jan. 15. She spent the week-end with the Feldmans.

Mr. and Mrs. Barney Weismantel of Gratton road had the pleasure of a visit from the former's sister, Mrs. Frank Harper of Kingsville, Texas. She is staying with her daughter in Highland Park, also her sister, Mrs. Roy Wells of North Ave., Waukegan.

The Ralph Sanders family had emergency breakfast with the Barney Weismantels Sunday morning. The pleasure of the breakfast, however delicious, was muted by the emergency—a broken wire down the road behind their home, which cut off their power, leaving the house cold in sub-zero weather, and freezing the water. It took some hours of heroic labor to get things going again.

Scully Heads Lions Carnival
The board of directors of the Lions Club meeting Tuesday night at the Rescue Squad station, appointed Anthony Scully chairman of the annual carnival. The date has not been set awaiting approval of the village board.

Toothbrush Powerful Weapon Against Dental Decay Among Children

One of the most powerful weapons against dental decay is an instrument long taken for granted—and rarely used properly.

The right kind of toothbrush used in the right way at the right time is the most effective home tool for maintaining dental health.

A dental scientist four years ago, in a large-scale study, found that tooth decay could be reduced between 50 and 60 per cent by the relatively simple process of brushing and rinsing the teeth immediately after eating.

The study took two years and included nearly 1,000 college students divided into two groups. About one half of the students followed their usual morning-and-evening brushing routine. The others brushed their teeth within 10 minutes after eating, or if that was impossible, thoroughly rinsed their mouths with water.

The results were dramatic. A large number of individuals who cleaned their teeth immediately after eating developed no cavities at all during the two years of the study.

Sweets Cause Decay

The reason for brushing the teeth after eating is clear. Dental decay, the most widespread of all diseases, is started rapidly in the mouth after eating, particularly after eating sweets.

From fermentable carbohydrates such as sugar, an acid can be formed on the tooth surfaces within three minutes after the carbohydrates are eaten. The most effective countermeasure is to brush the teeth immediately after eating.

There is no reason why the youngster should not be educated in the right toothbrush habits when all his first teeth have come in, usually by the age of three. If these habits are started at an early age, they will pay tremendous dividends in dental health.

A good toothbrush for a child should have a flat brushing surface, firm bristles and a head small enough to permit access to all surfaces of the teeth.

In cleaning the teeth, the upper teeth should be brushed downward, and the lower teeth should be brushed upward on both the tongue side and the cheek side. The bristles should be worked between the teeth. The chewing surfaces of the side and back teeth should be cleaned with a vibration of the brush.

I.E.A. Helped Found National Ed. Ass'n.

Springfield, Ill.—Representatives of the Illinois Education Association with delegates from nine other states helped organize the National Education Association in 1857.

The part Illinois teachers have played in the founding and growth of the national organization is being reviewed this year as the IEA marks a century of service to the state and nation.

The first woman president of the National Education Association came from Illinois. She was Ella Flagg Young, elected in 1912, when serving as superintendent of schools in Chicago.

Pioneering efforts of another Chicago woman teacher, Margaret Haley, started the largest NEA department, with current membership of some 440,000—the Department of Classroom Teachers.

When the national organization was a struggling fledgling, without money, funds from the IEA helped it survive. For this financial aid the IEA was given a life directorship in the national association, which it relinquished voluntarily a few years ago.

Among former NEA presidents from Illinois have been William Bishop Owen of Chicago in whose honor IEA headquarters in Springfield was named; Francis G. Blair, state superintendent of public instruction for the longest term in Illinois history; and John W. Cook, first president of the Northern Illinois Teachers college, DeKalb.

WATCH YOUR DRIVING HABITS

Jasper THE JUMPING JACKASS

He always will pass on a hill To freeze your spine with icy chill And then, bad luck there came a truck A ten-ton job he couldn't duck! Jasper the fool, should never have bet The odds are long on road etiquette; He said with life, an exorbitant debt Rules of the road, he chose to forget.

Moral for Safe Drivers: Never try to pass another vehicle when it isn't safe. . . . Wait for the proper time and place to pass.

OUR DEMOCRACY—by Mat

TO MARKET! TO MARKET!

EVERY DAY IS MARKET DAY FROM COAST TO COAST AND THE PEOPLE IN MOST COMMUNITIES HAVE THE NATION'S STORE TO CHOOSE FROM. FOR AMERICA'S VAST PRODUCTIVE CAPACITY IS PAVED BY ITS SALES AND DISTRIBUTION SYSTEM.

By rail, by water, by truck, by air, the products of AMERICA'S FACTORIES AND MINES, THE PRODUCE OF ITS FARMS AND FISHERIES, MOVE STEADILY TO MARKET. AND, JUST AS THE MONEY PEOPLE PUT ASIDE IN LIFE INSURANCE AND SAVINGS HAS HELPED BUILD THE NATION'S PRODUCTIVE POWER, SO THESE FUNDS HAVE HELPED CREATE THE FACILITIES TO CARRY THE PRODUCTS TO MARKET.

Strike Oil in Lake County

There was much excitement in Lake county Tuesday when a well driller, drilling for water at the home of Mr. and Mrs. Michael Ryso west of Lake Forest in the Forest Haven subdivision struck oil. The driller, Ben Schildgen, working for Peter Snelton of Glenview, first struck gas at 135 feet and this caught fire. He extinguished the blaze and continued drilling to 185 feet when he struck oil. A sample was taken to the Pure Oil Co. at Crystal Lake for testing. Oil men refused to become excited, saying that the pocket of oil no doubt is a small one too little to be profitable. This didn't keep a Chicago television station from taking motion pictures of an interview with Mrs. Ryso and broadcasting it.

A. B. McConnell . . .

(continued from page 1)

Mr. McConnell is particularly proud of two which were passed and became laws. One was the resolution sponsored by Representatives Stransky, Cutler and McConnell which puts the proposition of changing the State Treasurer's term from two to four years on the ballot next November for the citizens of Illinois to decide.

The other was Mr. McConnell's bill with some other sponsors joining him which appropriated \$588,000 for a clinic or hospital in connection with the College of Veterinary Medicine at the University of

A. B. McCONNELL

Illinois. By building this clinic it will mean a difference of 16 in each class in the Veterinary college. In other words each of the four classes can have 40 students instead of 24. This is very important not only for animal health but also for public health as there is a great shortage of veterinarians. The money for this clinic comes from the tax on race track betting, NOT from the general tax revenue.

Mr. McConnell is now serving as a member of the Grade A Milk commission. This is an interim commission which hopes to clarify, simplify and coordinate milk inspection regulations over the whole state.

Another matter which Mr. McConnell spent a great deal of time on this past year was promoting the hard road program for this district and was quite successful in getting certain projects pushed ahead and put in this year's program. Especially successful were U. S. Route 20 east of Belvidere and the dangerous Brookdale bridge between Harvard and Woodstock on U. S. 14. Also promised for 1955 is the building of the Belvidere dam by the State Waterways department.

Before going to the Legislative session in January, 1953, Mr. McConnell had been on the McHenry County Board of Supervisors for 14 years and its chairman 1 year which gave him experience in tax matters and governmental procedure. Consequently he is a firm believer in Home Rule and local self-government. He also has been a Republican precinct committeeman for several years and has been active in many farm and civic organizations.

Tips on Traffic Safety

By CHARLES F. CARPENTIER
Secretary of State

Applying the brakes when your car is traveling over ice or snow covered surfaces requires an entirely different technique than the one you can most effectively use when the pavement is clear and dry.

Brakes must be applied gently when the road surface is slippery. Jamming them on suddenly and

hard will only cause the wheels to lock and the car to skid. When that happens, you have lost control of your car completely.

A light pumping action on the brake pedal is recommended by most traffic safety experts. This method allows the wheels to keep turning, and the car can continue to move forward in a straight line.

Release the brakes immediately as soon as you feel the wheels lock and the car begin to skid. Then apply them again gently. Continue that process until your car has come to a stop. When you do come to a stop you will still be on the road. If you jam the brakes on and let the car skid, it may be a tree, a ditch or another car that finally stops you.

Letters to the Editor

The Antioch News:
Dear Editor—I want to express my appreciation and compliment you on your editorials.

They have the honest to goodness spirit of Americanism, so necessary to inform and educate the people on the dangerous "isms" that have been infiltrated into the policies of our Government, warn them to keep watch on the pressure groups and that eternal vigilance is not only the price of Liberty, but also that of local well being and prosperity, as pointed out in "The Federal Dam Craze."

It is most important because the U. S. A. has reached a crucial period, is forced to a decisive test to prove the assertion to the world, that our "Way of Life" is the best.

The editorials should be given more prominence. The Antioch News, with its interesting, social news column comes closer to the intimate family home life, therefore has contact with the younger element.

Their future is at stake, they must be informed and taught to see the right light and be guided thereby.

The problems that confront our present administration are more serious than most people realize, it will be a test. With the editorial "How Strong Are We?" you hit the nail on the head, clearly stating the difficulty in preventing the "cradle to the grave" idea from taking root.

When that policy was placed before the people, I had the following brainstorm:

The Welfare State
Hear ye! Hear ye! Hear ye!
Don't worry! Take it easy! Relax!
From cradle to the grave, I'll support you.

The dole will be dealt from the tax.
Lincoln Republicans abolished a Welfare State,
In freeing southern slaves.
New Deal schemes to enslave us all,

From cradle to our graves.
Do not believe empty promises
That tax support ceases strife,
The pride in your SELF must be the strength

Upholding your home, your liberty,
your life.
With best wishes,
Yours,
ADOLPH GILL

Completely new! The new Comfortmaster cab is only one of the many great new advances offered by the most powerful, finest performing, best-looking Advance-Design trucks ever built!

Come see what Chevrolet's done to make truck driving safer, easier and more comfortable for 1954.

The new Comfortmaster cab offers increased visibility with new one-piece curved windshield. Instruments are easier to read, controls are easier to reach.

And the new Ride Control Seat* offers real passenger car comfort for drivers. Seat cushion and back move as a unit to prevent back-rubbing. Come in and get all the money-

saving facts about the great new 1954 Chevrolet trucks.

They're loaded with brand-new features you need and want—

NEW ENGINE POWER AND ECONOMY. Bigger, brawnier "Thrifmaster 235" engine. Rugged, durable "Loadmaster 235" engine. Mighty, all-new "Jobmaster 261" engine.*

NEW AUTOMATIC TRANSMISSION.* Truck Hydra-Matic transmission is available not only on 1/2- and 3/4-ton

trucks, but on 1-ton models, too!

NEW, BIGGER LOAD SPACE. New pickup bodies have deeper sides... new stake bodies are wider and longer to give you extra load space. In addition, they're set lower to the ground for easier loading and unloading.

NEW CHASSIS RUGGEDNESS. Heavier axle shafts on 2-ton models. Bigger, more durable clutches and stronger, more rigid frames on all models.

NEW ADVANCE-DESIGN STYLING. New front-end design is more massive and sturdy in appearance. New parking lights are positioned to indicate the full width of the truck.

*Optional at extra cost. Ride Control Seat is available on all cab models. "Jobmaster 261" engine on 2-ton models.

*Most Trustworthy Trucks
On Any Job!*

My Commission expires October 29, 1955.
(SEAL) Bernice Reisser, Notary Public

SHORT STORY

Hammer-Throw

By Denny McClung

JIM CONKLIN was working on a horse-shoe when shots shattered the morning stillness. He dropped the shoe back into the forge and quickly stepped across the door.

The town was again silent and he could hear the sign above his head seeming to squeak out its message: JIM CONKLIN—Blacksmith and Livery Stable. Then the rattle of shots came once more.

Puffs of gunsmoke appeared at the bank's windows, to be quickly answered by firing from townspeople hidden behind barrels and watering troughs across the street.

Six horses stood at the rail in front of the bank. A deputy dashed across the dusty street in an effort to chase the outlaw's horses off, but he was quickly driven back by a fresh volley of shots from the bank. The outlaw who had been left to hold the horses was lying in a heap beside the board walk. The six horses nervously shifted from foot to foot, but they stayed almost

A few seconds more and he had crossed the creek.

exactly in the spot where the dead outlaw had been holding them. Evidently they were used to shooting.

Conklin called across the street to a grizzled man who had ducked behind a loaded wagon. "Hey, Jake, who's in the bank?"

"Don't know, Jim. Just six fellows rode into town about ten minutes ago and went into the bank. First thing anybody knew about a hold-up was when Ed Ferrell, the teller, made a break for the side door. He was just barely outside when they shot him down. Looks like we got one of them, though."

He jerked his head toward the outlaw lying in the street. Suddenly five men rushed from the bank in an attempt to reach their horses. But shots from across the street caused them to dive for cover in the empty lot between the bank and Conklin's shop. Conklin noticed that one man was carrying a couple of heavily loaded saddle bags. The money from the bank, he realized. Probably part gold and the rest cash.

Conklin watched for a moment and then went toward the back of the shop in search of some weapon. He was near the rear door when he came to a sudden halt. Something was moving through the woods behind the shop! Cautiously, Conklin eased his head around the door frame.

The outlaw with the money had deserted his partners and slipped away from the vacant lot next to the bank and made it into the woods. Now he was behind Conklin's shop and headed for the small creek about a hundred yards beyond the edge of the woods. And suddenly Conklin realized why he was headed that way. The large corral that Conklin used for his livery stable horses was back in the woods! The outlaws had planned well. They knew exactly where to find fresh horses.

Conklin rushed to the street again. The other four outlaws were pinned down by now and couldn't possibly escape. But the one with the money...

Conklin crossed the shop again and quietly slipped out the back way. He could hear the outlaw some distance ahead. Conklin ran across the open space and into the woods. A few seconds more and he had crossed the creek. Not far to the corral. He would have to be cautious. Every step seemed to crackle like thunder.

Conklin was at the corral now. He peered over the low log fence. The outlaw had caught up a horse and was ready to vault to its back. But suddenly he turned and saw Conklin.

Conklin quickly stood up, defenseless. But suddenly he realized he still carried the hammer he had been using on the horse-shoe! He drew back his arm and threw the hammer, putting every ounce of strength he possessed behind it.

The outlaw's gun was coming up to level on Conklin. But he was an instant too late! The hammer caught him in the pit of the stomach and he fell to the ground with a soft moan.

Conklin slowly crossed the corral to get the outlaw's gun, knowing as he went that the man was completely unconscious from the hammer's blow.

Eighteen new courses will be offered to evening school students at Illinois Institute of Technology, Chicago, during the spring semester.

Five of the courses will be in the department of industrial engineering; three in metallurgical engineering; two each in technical drawing, mathematics, business and economics, and food engineering, and one each in mechanics and physics.

Registration for all evening courses on the campus will be held from 6 to 8 p. m. Feb. 8 and 9 at 3300 Federal street. Classes begin Feb. 15.

The new physics course, Industrial Optics, is the only such instruction offered in the Midwest. It deals with automatic optic calculations by IBM computers, electron light optical systems and other subjects.

The mathematics department has added two courses on computing devices. They are Introduction to

Digital Computing, and Introduction to Differential Analyzers. Both will outline applications to problems of science and engineering and will demonstrate with large machines at the computing center of Armour Research Foundation of IIT.

A course on Oil Hydraulics Power will be given by the mechanics department. Subjects to be discussed include laminar flow; losses in tubing, hose and fittings, and design factors of circuit components with applications to simple circuits.

The food engineering department will offer a lecture course, Introduction to Food Engineering, as one of two new subjects. It will outline agricultural and nutritional aspects of food production, major food classifications and engineering in food production.

A food engineering laboratory course will present analytical

methods of appraising food materials.

The industrial engineering department will offer the following evening courses for the first time: Packaging Materials and Methods; Industrial Package Design and Construction; Carloading, Bracing, and Container Testing; Methods—Time Measurement, and Introduction to Operations Research, a graduate course.

The department of business and economics will present two new courses. They are Public Relations Problems of Management and Automatic Computers for Business Systems.

Three new metallurgical engineering courses are Principles of Roll Design; Metallography and Heat Treatment of Tool Materials, and Advanced Ferrous Production Metallurgy.

Graduate courses being given by the technical drawing department for the first time are Descriptive Geometry Systems and Engineering Graphics.

Further information may be obtained from Stanton E. Winston, head of the evening division of Illinois Tech, 3300 Federal st., Chicago 16, Ill.

MILLBURN

Regular services at Millburn Congregational church Sunday, Jan. 24 will include Sunday school at 9:45, worship services at 11 o'clock, when the Rev. L. H. Messersmith's sermon topic will be "Wasting a heritage." A county rally of Pilgrim Fellowship members will be held at Millburn church Sunday afternoon and evening. Mr. John Joseph Ratnarajah from India, a student at the Chicago Theological Seminary will be the speaker.

The Rev. L. H. Messersmith officiated at the marriage of Robert Wanless and Barbara Johnson, both of Racine, Wis., in Millburn church Sunday evening. The attendants were Mr. and Mrs. Robert Wanless, Sr., of Racine.

Eleven members of the Ladies' Aid met for an all day sewing meeting Wednesday at the home of Mrs. Carl Anderson.

Mr. and Mrs. J. Kalut and Mr. and Mrs. Frank Edwards were dinner guests at the home of Miss Marian Edwards in Libertyville Friday evening.

The Rev. and Mrs. L. H. Messersmith, Mrs. Ora Davis and Mrs. Ida Truax attended a dedication service of the Religious Education addition to Mont Clare church in Chicago Sunday afternoon.

John Clark returned to Ft. Leonard Wood, Mo., Thursday after two weeks with his parents, Mr. and Mrs. Harley Clark.

Millburn unit of Home Bureau met at the home of Mrs. Otto Mara Friday afternoon with 13 members and one guest present. Mrs. John Dostalek was co-hostess. Mrs. Helen J. Volk, county home adviser, gave the major lesson, "Planning for Financial Security." Mrs. Ray Laursen, who took the lesson on "Glass Etching" at the Home Bureau office on Jan. 14, will present this lesson for all interested at the next meeting. In the election of officers, Mrs. Robert Murrie was elected president, Mrs. William Korf, vice president, Mrs. Emmet King, secretary, and Mrs. Gordon Bonner, treasurer.

Mrs. Frank Hauser spent Tuesday at the home of her daughter, Mrs. Orville Hairrell, Jr., in Waukegan.

Members of the church board and their wives were guests at the Messersmith home Friday evening for the annual baked ham dinner, buffet style. Fourteen guests enjoyed their hospitality.

Mr. and Mrs. Milton Bauman and daughter, Karen, were dinner guests at the R. L. Hill home in Waukegan Saturday evening. J. S. Denman spent Saturday and Sunday with Mr. and Mrs. Leslie Kamper in River Forest, Ill.

U.S. Area
The total area of the United States exceeds 3,000,000 square miles.

CROOKED LAKE OAKS

Mr. Charles Kleinod was recently presented with a Hamilton watch at a dinner in honor of thirty-five years of faithful service with Thebold, incorporated, of Canton, Ohio. The presentation was made by the Chicago branch.

Ed Gorman, who is stationed at the Samson Airforce Base, New York, surprised his folks with a visit home for New Year's.

Nelson is ill. Until he is feeling better, he and his wife are spending a few weeks in the home of his daughter in Maywood.

Helen Grenus, Ruth Bell, and Kay Herrero are busy these days collecting donations for the March of Dimes in this subdivision.

Mr. and Mrs. Richard Young left on New Year's Eve to spend three weeks in Hollywood, Fla. They

are expected home this week.

Mr. and Mrs. John Fath are the parents of a daughter, born on Jan. 11, weighing 6 lbs., 1 oz. She has been named Jill, and mother and daughter are now at home and doing fine.

Mr. and Mrs. Robert Moroney are the parents of a 7 lb. 6 oz. baby boy, born on Jan. 4 at the Garfield Park hospital in Chicago. Mrs. Moroney

is the former Florence Grabowski, and this is their first child.

On Jan. 17 Mrs. Ray DeSart was pleasantly surprised with a baby shower given in her honor by Mrs. W. Bushnell, Mrs. J. Maplethorpe, and Mrs. O. Luedtke.

The Woman's Auxiliary will meet to sew and discuss business matters on Tuesday, Jan. 19, at the home of Winifred McGee.

The phenomenal 200-hp Buick Century—highest-powered car at its price in America.

Dynaflow's* Great with this High-powered V8

THE wonder is that Twin-Turbine Dynaflow could be bettered at all. But in the spectacular 1954 Buicks there's a whole long list of happy surprises besides the completely new bodies and glamorous new styling.

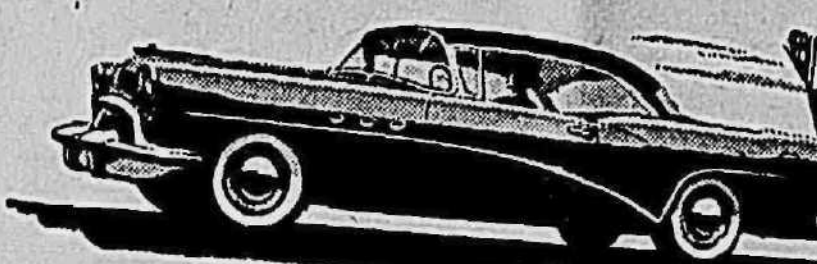

And one of them is the silken new whip and carry of TT Dynaflow as powered by the mightiest Buick engines ever built.

Come drive one of these gorgeous new '54 Buicks with this fully automatic transmission and you'll see what we mean.

Instant new response on getaway. Cyclonic new power in one single, sweeping, velvet stroke from standing start to legal limit. Smoothness beyond measurement—infinite and constant. And new quiet every step of the way.

That's literal fact—and we'll gladly prove it to you at the wheel of a beautiful new 1954 Buick. Drop in this week for a sampling—and for a face-to-face meeting with the buy of the year.

*Standard on Roadmaster, optional at extra cost on other Series.

ALL 1954 BUICKS HAVE V8 ENGINES with stepped-up horsepower, including the low-priced Buick Special, shown here in the stunning Riviera body style.

BUICK

the beautiful buy

NO OTHER CAR
GIVES YOU ALL THIS:

GREATEST STYLING ADVANCE IN YEARS with completely new bodies across the board; lowered rooflines, longer and higher fender sweep, exclusive sweep-spear design.

NEWEST VISIBILITY ADVANCE with back-sweep windshields that give 19% more visibility; greater glass area around full 360° arc.

BIGGEST VENTILATION ADVANCE in Buick interior comfort; new, screened intake just below windshield brings in huge quantities of outside air at hood-high level, free of road heat and fumes.

HIGHEST V8 HORSEPOWER in Buick history—from advanced vertical-valve V8 engine with up to 8.5 to 1 compression and 200 hp—plus more fuel efficiency from new Power-Head Pistons.

FINEST MILLION DOLLAR RIDE—from all-coil springing, torque-tube drive, longer wheelbase—and a new front-end geometry that stabilizes "cornering," insures more positive control, more responsive handling.

—PLUS THE WIDEST SELECTION OF MODERN FEATURES—either standard equipment or extra-cost options:

TWIN-TURBINE DYNAFLOW
SAFETY POWER STEERING
AUTOMATIC-BOOSTER POWER BRAKES
POWER-POSITIONED 4-WAY FRONT SEAT
POWER-OPERATED RADIO ANTENNA
EASY-EYE GLASS • WIRE WHEELS
ELECTRIC WINDOW LIFTS

Three Fire Calls of Antioch Department Were of Minor Nature

Three fire calls were received by the Antioch Fire department within the week ending Wednesday.

Last Saturday afternoon the slough between the business section and the Soo Line tracks got its annual burn over. The fire started behind the business places on Depot st.

On Thursday evening the department was called to the Dixon residence on Rte. 21 the first house south of Old Orchard Inn where an oil furnace became clogged and spewed soot over the interior of the house. Dixon operates a bait shop on Loon Lake rd.

On the preceding Wednesday evening the firemen were called to the David S. Arthur residence, 1101 Main st., where the oven control switch of an electric stove burned out. The loss was slight, Chief Edgar Simonsen said.

Wrestling at Zion Matches Rasputin And Lee on Jan. 30

Ivan Rasputin, a wrestling gent who resembles a bear, will face Sky Hi Lee, a six-foot-ten-inch giant who was once a circus fire-eater, in the main go of an all-star card arranged by the Zion Junior Chamber of Commerce at the Zion Benton High School gymnasium on Jan. 30.

It's a battle of giant novelties, who have thrown much thunder into the TV mat cables the past few years. Lee is a 290 pounder from Canada, able to scare half a town off the streets. Last year in London he won the award as "The best wrestler on British soil." Rasputin, weighing 245, is a bearded character with 20 years experience. He has operated on five continents. Almost as fiendish as Lee, he treads the mats with a bearish gait, adding to his reputation.

Along with this fracas, there'll also be a six-man Battle Royal tag match, something new in this area, and it might spell mass havoc for the satisfaction of wrestling fans. Reggie Lisowski, Bull Montana and Zack Malkov will take on Johnny Balbo, Rocky Colombo and Billy Goetz. They'll set the evening afire in preparation for the headliner.

Such men contributed lustily to wrestling's giant gate receipts in 1953. This game far outdrew boxing in most states.

\$675,000 Dram Shop Suit

Five Lake county tavern operators have been named defendants in a \$675,000 dram shop act suit as the result of an automobile accident last June 28 on Rte. 41 south of Wadsworth road in which five young Wisconsin residents were killed. The crash followed a drinking spree in celebration of the graduation of Dennis Gerber of Kenosha, the only one who survived the accident.

The defendants are Frenchy's tavern, Winthrop Harbor; Thompson's; Lee's Nite Club, Hank's Supper Club, and the Nite Cap, Skokie hwy. Relatives of all but one of the five killed in the accident are plaintiffs.

L. C. Ross was taken to Victory Memorial hospital Sunday where he underwent a major operation Monday.

To Abolish Township Treasurers and Trustees

The board of education representing Antioch Township High School District 117 has started proceedings to comply with the new state law H757. H757 provides that on July 1, 1954, in all counties except Cook, Madison and St. Clair, the township treasurers and trustees will be abolished. School districts will appoint their own treasurers and county trustees will assume in general the duties of the township trustees.

The law provides that each seven member board of education shall appoint its own school treasurer on July 1, 1954. In accordance with this law the high school board of education passed a resolution at its regular January meeting appointing Mrs. Helen Nelson, 1054 Victoria street, Antioch, their school treasurer effective on July 1, 1954. On July 1, the board will reaffirm its action.

State Law H757 also states that all school boards consisting of three members will, if they are also a part of a high school district, automatically use the treasurer appointed by the high school board of education.

Grade School Band Elects
The Antioch Grade school band elected as its officers Monday Byron Cain, president; Dick Wolf, vice president; and David Hunsaker, secretary, according to Director George Olisar. Faye Mann and Barbara Yutes are the band librarians.

Board Appoints Treasurer
The board of education of the Antioch Grade School appointed Helen M. Nelson as school treasurer at the monthly meeting at the school Jan. 12.

Total Sales of Series E And H Savings Bonds In 1953 \$4,368,000,000

Sales of Series E and H Savings Bonds during 1953 set a seven-year record according to Earl O. Shreve, National Director, Savings Bonds Division of the United States Treasury Department. Total sales amounted to \$4,368,000,000, an increase of 22 per cent over 1952.

"Not since 1948," Shreve pointed out, "when Series E Bond sales were close to \$450,000,000,000 have the American people put so much away in Savings Bonds."

"Redemptions of unmatured series E and H bonds during 1953," Shreve emphasized, "were considerably lower than the previous year. A total of \$3,139,000,000 were presented for payment in 1952 while only \$2,831,000,000 were redeemed last year."

"Another encouraging aspect of the Savings Bonds Operation," Shreve said, "is the attitude of the American people toward their matured Series E Bonds. Approximately \$10,000,000,000 in these bonds have matured since May, 1951. Of this amount 75 per cent, or nearly 7 1/2 billion dollars is be-

ing retained by bond owners under the ten-year automatic extension plan."

A SUGGESTION FOR SAFETY

Left over drugs prescribed by a doctor for any illness are sometimes kept around the home for some time. They should be thrown away when the patient has recovered. Many medicines deteriorate or get stronger with age and may cause serious damage if used. Always consult your doctor before using any medicine. By doing this, you will not bring needless harm upon yourself.

Antioch Fresh Beat Palatine

The Antioch freshman team jumped off to a fast start to win from the Palatine freshmen 38-22. Antioch took a 12 to 0 lead at the quarter and a 22-3 lead at the half. Harry Evans has 14 points and Jerry Huml had 8 for the winners. Lonnie Christenson and Richard Vik, Richard Meyer and Ed Hastie also scored points for Antioch. Christenson and Vik played an excellent floor game. Antioch freshmen have now won six of

their seven games and the last five in a row. They play at Grant next Monday.
